

Save Fishermen
LOCKEPORT, N. S., April 5.—The government patrol cutter Gullik was sent out yesterday afternoon to Reginald Howe, fisherman, from his sinking motorboat eight miles off Gull Rock. The companions, who were rescued from the launch while fishing, were saved Wednesday night.

Societies Banned
LONDON, April 5.—The government was urged to take drastic steps against foreign political societies operating secretly in England today as police investigated the possible connection with the Jacob case.

Edmonton Bulletin

EDMONTON'S OWN NEWSPAPER
Founded in 1880 by Hon. Frank Oliver

The Bulletin is the only Edmonton Newspaper
Owned, Controlled and Operated by Local Men

Published every afternoon except Sunday, by the
Alberta Free Press, Limited, at The Bulletin Building,
1041-1043 Jasper Avenue, East, Edmonton,
Alberta, Canada.

Subscription Price: By mail (in advance) per
year, in Canada, \$5.00. United States \$7.00. By
Carrier, per week, 15 cents or \$7.00 per year.
Telephone 2612.

Advertising Representatives:
TORONTO: OTTAWA: ALBERTA: E. Ford, 74
King Street East, Phone Eign 2005.

MONTREAL: QUEBEC: W. J. Crowley, 201 St.
James Street West, Phone Harbour 7820.

UNITED STATES: Lorenzen & Thompson Inc.,
230 North Michigan Boulevard, Chicago, 10 West
40th Street, New York, 1110 Birch Road, Cincin-
nati, General Motors Building, Detroit, 181 San-
born Street, San Francisco, 514 Broadway, New
Los Angeles, Dwight Building, 100 Baltimore
Boulevard, Philadelphia, 711 St. Helen's Avenue, Tacoma,
Washington.

LONDON: England: The Clougher Corporation
Limited, 50 Maiden Lane.

The Audit Bureau of Circulation audits the
circulation books of The Edmonton Bulletin.

FRIDAY, APRIL 5

ELECTION DEMAND VOTED
DOWN

The budget debate has ended at Ottawa. Of
the 30 members who spoke in the debate, 21
were Government supporters, 6 were Progress-
ives and 3 were in the opposition. If there was any
blockading there, it is plain enough who did it.

Government members were evidently aware
it would take a lot of talking to make the
points as anything but a bluff. It was a bluff
about. Confident that no amount of talking
could do that, Opposition members continued
their resistance with the same confidence.

As between a budget that "gets nowhere"
except farther into debt, and the demand for a
constitutional election, the latter is the one
the voters would jump for the budget or the
amendment. The division in the House on the
amendment was 71 to 124 against it. Taken
in reverse order the figures show the present
state of public opinion in the average constitu-
ency.

FIGURES TELL THE TALE

Ottawa had a deficit last year of \$30,000,000,
of which sum \$16,000,000 was spent for direct
relief. The deficit for the coming year is esti-
mated at nearly \$100,000,000. The call for
direct relief is placed at the same figure.

It will be well to keep these figures in mind
when the wretched budget is presented. The
optimism comes along and says the depression
is over but that the worst hasn't yet heard about it.

Premier Hepburn is a "dirt" farmer, the type
of Ontario man who knows that money does
not grow on bushes, and that every cent a gov-
ernment spends somebody else has to pay in
taxes. He is not proposing to spend \$15,000,000
on direct relief in a province where everybody
has a job or can get one.

The amount is only a million less than the
actual outlay of last year, a difference which
may be accounted for by economies quite as
much as by decrease of unemployment and
depression. It has to be concluded, is still the
outstanding feature of conditions in Ontario,
as it is in the western provinces.

CAN IT BE DONE?

The first question to be asked is Social Credit
is a constitutional question. Assuming it to be
possible economically, it is curious that the
system in operation in Alberta, has the province
the constitutional power to do that?

Nothing has been said in the House of
Commons on this phase of the subject, except the
statement of the Premier that Major Douglas
will be supplied with "what opinions we have."
What are these opinions and what is the story
in reality? Has the Attorney General come to
a conclusion, or instructed his legal staff to
examine the point, or called in consultants
capable of defining the boundaries of provincial
jurisdiction?

It is time that the public, as well as Major
Douglas and Mr. Aberhart, were told what is
the issue. Is the Social Credit discussion now going
on all over the province really in order, or is
it altogether off-side? It is curious that no
information on this preliminary point has been
given out. In its absence there is something
of an air of mystery about the whole thing.
Mr. Douglas and Mr. Aberhart to formulate plans and sub-
mit them.

Are these men—and the public—being
trifled with? Is there any serious intention to
put their plans, or either of them, into opera-
tion, if thought to be practicable? And what
follows if the attempt is made to introduce a
plan and the whole undertaking is found to be
outside the bounds of provincial authority?

This matter should be a live issue, not
after public money has been spent and time
consumed in drafting schemes which may be
negated by constitutional law before they are framed.

HIGH PRICES AND HIGHER
TAXES

Gasoline being as dear, or dearer, in Alberta
than in provinces where none is produced, the
Provincial Government comes to the rescue
by adding another cent to the tax per gallon,
which at the same time means a living rate
of full life of starting four public-owned filling
stations in the vicinity of Edmonton and
thereby extinguishing any chance there may
be that the retailer can make a living rate
already over-crowded conditions of the trade.

This remarkable exhibition of statesman-
ship is the basis of a proposed resolution
introduced in the legislature by Mr. Hovson, calling
upon the Government to call a conference of

representatives of independent oil companies,
shareholders in such companies, the city of
Calgary, gas consumers, gasoline and oil
consumers, surface owners and lease-holders.
With a view to:

To recommend proper regulations for the
development of the oil industry in Alberta;
To protect shareholders of operating com-
panies.

To prevent the industry being controlled by
a monopoly.

And in particular to bring about a reduction
in the cost of oil and gasoline to con-
sumers.

This is the poorest of all times to raise
taxation of any kind in Alberta. The argument
that the best in the gasoline tax is off-set by
reduction in motor license fees is deceptive.

It is only true in the case of the man who
uses his car sparingly. The influence and effect
of the heavy taxation is to discourage motoring.
Particularly so because the money paid
in taxes does not go to improve roads, but is
dumped in the general fund, and used to pay
excess interest rates on money borrowed for
other purposes.

Whatever the reason, gasoline in this pro-
vince is not cheap, and in provinces to which it
has to be transported at heavy freight costs.
The motoring public are entitled
to the inquiry asked in the Ontario legislature,
particularly so at a time when taxation upon
their fuel is being increased 15-20 per cent,
under conditions of unprecedented scarcity of
money.

Forty Years Ago

From the Files of The Edmonton Bulletin

Telegraphic:

The C.P.R. had a deficit for the year of a
half million dollars.

The British steamer Elthorne was fired on
by a Russian submarine.

Newfoundland delegates have reached Ot-
tawa to discuss the admission of that colony
into Canada.

The Mayor of Quebec attempted to
strike Order Wide in court.

A bill to allow women to study and practice
law was introduced in the Ontario legislature.

Bismarck received more than a million post-
card and two thousand telegrams on his birth-
day.

Editors Turnock and Cragh of the Calgary
Tribune have been arrested for defamatory
libel and Meares, Hooper and Bolt for con-
spiracy.

THIRTY YEARS AGO

Halifax: The Bank of Yarmouth is in diffi-
culties and an official has been arrested.

The by-law committee of the city council
has recommended a bylaw to regulate dairies.

The council of the Calgary board of trade
passed a resolution stating that the premier of
the province of Alberta should receive \$7000 a
year and other ministers not less than \$5000.

The council decided to establish three pounds in
Edmonton.

A Melay is having lumber hauled with
which to build coal sheds near Rat Creek.

TWENTY YEARS AGO

London: The Russians are now front on the
offensive along the whole of their front, from
the Baltic sea to the Russian border and the Caucasus.

Tribal: Russian troops penetrating the
province by the mountain passes, have killed
hundreds of Armenian Christians who have
been killed by the Turks previous to their re-
treat.

London: The Norwegian bank Nor was ter-
rified in the North Sea.

London: The Government of Germany has
enquired through the Government of the
United States whether German submarine
cruisers, taken prisoner, are to be treated dis-
tinctly from the rest of the German fleet.

reprisals are threatened on British officers
prisoners of war in Germany.

Attempts to raise the U.S. submarine, F4,
sunk at Honolulu, have been abandoned.

Twenty-six men were lost when the ship went
down.

Announcement is made that the Allies will
adopt a new plan of operations against the
Turks, the frontal attack at Gallipoli and on
the peninsula have been too heavy a price and
produced small results.

TEN YEARS AGO

Whether the cost of maintaining the Uni-
versity of Alberta is too great was a bone of
contention in the legislature. Members claim-
ed expansion had been too rapid. Hon. George
Hendry announced that investigation would
be made into the cost of operating the Uni-
versity hospital.

Whether the cost of maintaining the Uni-
versity of Alberta is too great was a bone of
contention in the legislature. Members claim-
ed expansion had been too rapid. Hon. George
Hendry announced that investigation would
be made into the cost of operating the Uni-
versity hospital.

Nip: N. W. Williams, a pioneer newspaperman of
Alberta, died at Peace River Crossing.

Ottawa: The Government has sold 282 ves-
sels large and small, and the cost of the war,
and has 23 ships of the merchant marine that
would be glad to dispose of.

Dr. Dunn, medical officer, reported there
are 500 cases of gonorrhea among Edmonton school
children.

Poems That Live

ON THE LIFE AND DEATH OF MAN

There is a life, there is a death, a stage
Placed in the midst; where both prince and
page,
Both rich and poor, fool, wise man, base and
noble.

All act their parts in life's short tragedy.
Our life's a tragedy. Those secret rooms,
Where we live, are our mother's womb.
The music whirling in the life is mirth
To see a man-child brought upon the earth.
To see that purp of breath which first we
vent.

Is a dumb show; presents the argument.
Our new-born cries, that new-born griefs be-
fore the world, that new-born griefs be-
fore the world.

Are the sad prologue of the evening play.
False hope, false joys, vain joys, and fierce
joys.

Are like the music that divides the Act.
Like the music that divides the Act.

Death strikes the epilogue, and the play is done.
—Henry King.

The Passing Show

By J. S. COOPER

Have you ever been down a coal mine? I
was down one a couple of weeks ago at Cad-
mus, travelling underground for a mile and a
half from sunlight to watch the loading and
shunting of cars underground. Another mile
and a half further under the mountain, men
were working with picks on the coal face.

It was an interesting ex-
perience, but next day at
the mine, when I was a
"Herd" McLeod offered to
take me through the under-
ground workings of the Me-
Leod mine, and the day
after when Manager
Pascoe extended a similar in-
vitation to go underground
at the Mountain Park mine.

J. S. Cooper

I declined both. One experience underground
is enough for a lifetime.

This might be a fitting place to tell of the
work of the coal-miners of Alberta, and some
of their problems.

Persons unconnected with mining some-
times think that a gang of men going with picks
at the mountain face and burrow through
coal seam, much as mice go through a cheese.
The truth is that a great amount of engineering
has to be done before a road of coal is taken
away. In the drafting office of the mine are
shown by means of sheets of glass set in per-
pendicular, the exact location and shape of the
seam as it lies in the mountain. That of the
Cadmus mine, for instance, is shaped much
like a sickle, having been bent over by the
contraction of rocks and strata.

The tunnel isn't driven through the coal. It
is driven through solid rock to one side of the
contraction of rocks and strata.

The mine cutting is in case of a section
of the mine cutting first—as is the case at the
present time at Cadmus—and enables several
gangs to work on different "panels" of the
mine at the same time.

The mine cutting is in case of a section
of the mine cutting first—as is the case at the
present time at Cadmus—and enables several
gangs to work on different "panels" of the
mine at the same time.

Each panel becomes a separate room
in the mine, entered by branch tunnels from
the main tunnel. The mine cutting is in case
of a section of the mine cutting first—as is the
case at the present time at Cadmus—and en-
ables several gangs to work on different "pan-
els" of the mine at the same time.

European Picture Is Startling

Painting a realistic picture of Europe, with its darker shadows and yet its light and sunnier spots as well, Miss Hanka Romanovitch, Ukrainian district worker for the government at Vegreville, gave a graphic account of the situation in the Ukraine at the luncheon arranged by the Women's Institute in the Hudson's Bay Theatre last night.

This affair marked the beginning of the Ukrainian Week, being celebrated throughout the dominion, and many well-known workers in various fields of home science attended, and turned their thoughts to the situation in Europe. Giving first the impression that many Europeans have of Canada, Miss Romanovitch said that it was generally felt America was a country of great wealth, with people who had more money than brains.

Back to the treaty of Versailles, the speaker traced the present dark fumbings in Europe. Still, she could not be handed over from one nation to another by the making of boundary lines on pieces of paper. Cutting through the very roots of nations, the treaty was the beginning of trouble which points almost inevitably to war in a few years. That war, said the speaker, would be fought in the land of her forefathers, in the Ukraine.

She said that the "western front" is the hottest of fronts in Europe today. Germany wishes to press east, not west.

A general survey of Europe, Miss Romanovitch gave many of the impressions she had gleaned during her visit to nine countries, the hold of Russia, which she said was not allowed to enter Germany and the success of Hitler as a result of a wave of nationalism. But this man is far from strong in himself, and must continually throw to the people some new novel of controversy to keep them interested.

YOUTH, she said, is the great danger in the Canadian scene, is the great cause of thought of Europe.

PRESS CENSORED
The press has been strictly censored in almost every country except Britain, and love of the Fatherland, which even British youth have and brings war, is the great cause of their but not the cause of their.

Next to Nationalism, comes health, and then education, largely

of the cause of their but not the cause of their.

of the cause of their but not the cause of their.

of the cause of their but not the cause of their.

Art Club Exhibit Is Easter Week

Easter week has been chosen by the Edmonton Art club for their annual exhibition to be held in the Coronet hotel, for which Mrs. J. Gordon Sinclair has been appointed manager. The exhibit will open on Monday, April 8, and may be viewed by the public on the two ensuing days. Plans in detail were made at a meeting of the club, held at the home of Mr. Robert Campbell on Thursday evening, April 4. Mr. Reid has accepted the invitation of the Edmonton Art club to formally open the exhibition on Monday evening at 8 o'clock.

At Thursday evening's meeting Major Norbury was critic of the work displayed. He had in his presence, who included Mrs. A. Armstrong, Mrs. J. K. Walker, Mrs. J. S. Lewis, Mrs. E. Martin, Mrs. C. B. Willis, Mrs. C. Mortimer, and Mrs. William Rowan. Mrs. A. Aldrich, Miss E. Field, Miss E. Cruikshank, Miss H. V. Foster, Miss H. Mitchell, Mr. H. Jones, Major Norbury, Mr. C. King, Mr. George Brown, Mr. O. Haynes, Mr. Gordon Sinclair, Mr. R. Campbell, Mr. H. Milne, Mr. and Mrs. Campbell.

Tea To Follow Annual Meet, Musical Club

The annual meeting of the Women's Musical Club is being held on Saturday afternoon at 3 p.m. in the new Masonic Temple (Temple 17). The club is holding a silver tea, the proceeds are to help meet the deficit of the club's expenses. The Prince of Wales has very kindly donated a silver tea set, and the Aeolian Trio, Miss Florence Shaw (violinist), Mrs. Phyllis Macfarlane (soprano), and Miss Margaret Ashley (pianist), are giving instrumental selections during the afternoon.

The table will be done in spring flowers with tall green tapers. Pouring will be Mrs. E. K. Broadbent, Mrs. David Howarth, Mrs. H. R. Speart and Mrs. E. P. Wellwood. The meeting will be presided over by the executive and some of the younger members will be present. The hosts will be Mrs. J. A. Buchanan, Mrs. Vernon Harford and Madame J. Douglas. Miss R. P. Paine will have charge of the treasury. The public is cordially invited.

King, Queen Cable Their Felicitations

Dated from Buckingham Palace, London, England, came a cable on Tuesday, April 2, to Mr. and Mrs. Jonathan Jackson of Lacombe, expressing the congratulations of the King and Queen on the twentieth anniversary of Mr. and Mrs. Jackson, which was celebrated on Friday, March 29. The cablegrams read as follows:

BUCKINGHAM PALACE, London, April 2.—The King and Queen have the pleasure of wishing you a very happy anniversary.

St. James's Palace, London, April 2.—The King and Queen have the pleasure of wishing you a very happy anniversary.

St. James's Palace, London, April 2.—The King and Queen have the pleasure of wishing you a very happy anniversary.

Shrimp Salad Is An Attractive Savory Dish

By MARY E. DAQUE

Shrimp as served on a bed of fresh, spring looking green, proved to be one of the most inviting looking luncheon dishes I have hit this Lenten season. And it has the advantage of being a quick dish to compile on the first busy day when you're in a hurry to get into the sunbather's world again. With the shrimp salad, which included cucumber, lettuce and tomato, I had not only a beautiful, served with pumpernickel and dried apricot crisp. While on this subject of shrimp and Lent, it reminds you that it is one of the many other varieties of seafood that lend themselves to interesting combinations.

Smoked and salted fish as well as canned and fresh fish can be served to splendid advantage in salads.

USE FIRM-FLESHED FISH

Fish for salad must be firm-fleshed—cod, halibut, haddock and salmon separate in firm flakes. Real cod, shrimp, crabmeat and lobster are favorites for parties and luncheons because they are rich in minerals and not as highly flavored as

Tomorrow's Menu

BREAKFAST: Toasted juice, cereal, cream, bread crumbs, coffee, milk, coffee.

LUNCHEON: Bouillabaisse, cracker, shrimp salad, pumpernickel, apricot crisp, milk.

DINNER: Vegetable soup with tomato sauce, baked ham, salad of cottage cheese and chives, mushroom pudding, milk, coffee.

end of this month. I'm not in her class now, so far as money goes. I do all my own work; my husband has only a moderate salary. When I should I present my card at the door? Should I stand and hear of my girlhood name? Should I wait at the door when the butler takes my card? Or what?

Answer—When you receive your invitation, be sure that your hostess will indicate arrangement for you. You must be at the station and driven to her residence. If through some misunderstanding, a car is not sent for you, take a taxi and present your card at the door. You will be admitted immediately if you expect your social card. Should your husband's name be put out by Mrs. as "Mrs. John Walker"?

Question—Will you please suggest games that may be played at an Easter Monday party, by children between the ages of 2 and 12? Any suggestions for decorations and prizes will be much appreciated.

Answer—You will find egg-rolling and rabbit contests described in a book of games obtainable at the Free Library. The latter colors are white and white; decorate accordingly. Candy-filled bunnies and candy eggs are appropriate prizes.

SPRINGLY

Season springily. Remember everyone's taste is different when it comes to salt and pepper and more can be added readily by the individual. Frequently, too, your guest is restricted as to high seasoning by his physician, so it is better to play safe and avoid generous seasonings.

JURY RETURNS OPEN VERDICT DUNBAR DEATH

Evidence of Crew Shows

Train Had Right to be

On Main Line

LACOMBE, April 5.—Returning

an open verdict, a coroner's jury,

probing Thursday's train crash,

found that "David Dunbar, engine-

er on train No. 615, met his death

by being crushed between the ten-

dered engine and the freight

train between his train and a

southern freight, No. 668.

Fred Miller, foreman for train 615,

testified that he had seen the freight

about a mile and a half out of town

when his train was moving north

towards the wreck. He mentioned it

to Dunbar who assured him it was

all right. He mentioned it again

later, and when he saw the freight

so near it could not stop, escaped

through the left window.

Questioned by J. S. McCormick,

lawyer for Engineer W. C. Burke

of train 668, Miller said they had

from 9:30 to 8 a.m. to complete the

switching. The crash occurred

about 7:15 a.m.

NOT QUICK ENOUGH

M. Chapman, head-end brakeman

on 615, said that Dunbar started

to go down the gangway to get

out of his cab but did not get down

quickly enough.

Questioned by Mr. McCormick, he

said that he had worked there four

years and all the crew expected the

southern. He added that 615 was

backing up at the time of the col-

lision. The train had cleared the

switch and did not have time to

make the way so started to back.

These switching operations at this

point were regular routine.

James Conroy, head-end train

man for 668, was on top of a car

about seven feet from the caboose on

the 27-car train. He saw the other

train when about a mile and a half

north of town but not after that.

The emergency was put on about

two or three minutes before the

collision.

CURVE OBSCURED

William Jacob, foreman on the

southern train, stated he had just

finished coaling and sat down in

time to look out the window. He

could not see the other train be-

cause of the curve.

Engineer Burke, of the south-

bound freight, who had evidence

under protection of the court, said

he saw steam from the train near

the water tank in the past two

and a half years in which he had

made the run the other train had

been on the way or down at the

switch. He said the engine often

drifted into the yard.

When he had done this the smoke

and steam coming down over his

own engine obscured his vision

just as he went to apply the emer-

gency brakes he saw the other train

about three or four car lengths

ahead.

Coroner Dr. E. M. Sharpe con-

ducted the inquest and the jury

composed of D. Hay, L. Winters, G.

Therault, W. C. Saver, A. Davis

and G. Mackay, J. Quigg of Red

Deer acted for the jury.

The main line of the railway was

closed of wreckage at 12:30 p.m.

Thursday and normal service re-

sumed.

What New York Is Wearing By Helen Williams

Even the smallest young lady of the house must needs be a little more feminine these days. This cute party dress is crisp clean white with blue floral pattern trim. It is adorable for more practical wear in dotted dimity, candy striped batiste, pastel lawn, etc.

Style 3038 is designed for sizes 2, 4 and 6 years. Set 4 requires 1 1/2 yards of 35-inch material and 3 yards of 2 1/2-inch ribbon.

Patterns will be delivered upon receipt of FIFTY cents (10c extra, carefully wrapped, or stamps). Be sure to send your NAME and ADDRESS. STYLE NUMBER and SIZE with your request of FIFTY cents to Pattern Department, Edmonton Bulletin.

Subscribers must allow 14 days for delivery.

AMUSEMENTS

CAPITOL

Back through the misty past to the blood-red days when "Madame Guillotine" baptised a new French republic with a bloody bath, a man lived who fought Parisian mobs with his wit and skill as he sought to save the heads of the aristocracy of France from falling under the knife of the mob's instrument of execution.

Quint to the many enquiries made regarding "The Scarlet Pimpernel," Manager Williams has deemed it advisable to start the first show on Saturday morning at 10:30, doors opening at 10:15. Boys and girls will be well advised to make an effort to get down to this morning show and take advantage of the bargain admission.

EMPRESS

"I've Been Around," which opened last night at the Empress theatre, has Chester Morris in the starring role. He is surrounded by a brilliant supporting cast, headed by charming Rochelle Hudson.

The story is that of a girl who is swept off her feet by the attentions of a smooth-tongued adventurer, who is seeking the wealthiest financial match he can find. But the girl, played by Rochelle Hudson, discovers the character of the man just as she is about to be married, and then in a dramatic scene reveals her love for the adventurer.

The other picture on the Empress double feature program is "Little Friend," starring Nova Filburn.

National Home Construction Plan Is Presented

FIFTY MILLION DOLLAR PLAN FOR STARTOFF

Deputy Finance Minister Says Mortgage Firm Will Invest

OTTAWA, April 5.—A far-reaching scheme to start home building activity and thereby absorb many of the unemployed in Canada was laid before the Commons committee on housing Wednesday by Dr. W. C. Clark, deputy minister of finance.

It provided for a national housing board with headquarters in Ottawa and local housing boards through the country.

By the proposals which the deputy minister submitted, a \$50,000,000 building scheme could be provided, with contributions of \$10,000,000 from the federal treasury.

The dominion would provide a part of what is termed the junior money for the building campaign.

MORTGAGE MONEY READY
This scheme and the announcement of the mortgage companies that they had over \$23,000,000 were anxious to get on with new construction in Canada were highlights of yesterday's meeting of the committee.

Representatives of the mortgage companies gave a review of housing situation throughout Canada. They had withdrawn from lending in the province of Alberta, they said because of prior liens the Alberta government had put into effect in that province.

FOR NEW HOMES
Dr. Clark's plan would provide sufficient money to a person owning a lot clear of debt to erect a suitable house on it. The money would be repaid by local housing boards and the inspection and appraising of the buildings would be done by the insurance and mortgage companies who would have the first mortgage on the property.

PLAN DETAILS
A local housing board would finance a building project in the case of new owners for say \$100,000 as follows:

First mortgage debentures to mortgage and insurance companies \$60,000.

Preferred stock to be purchased by the Central Housing Board on Federal money; \$20,000.

Common stock to be purchased by municipal, provincial, charitable bodies, public utilities, cities and contracting interests, \$10,000.

Assuming the sites were worth 10 per cent of the cost of the buildings constructed on them, the total cost of the properties would be \$110,000.

The mortgage companies would be advancing 60 per cent of the total which is the amount required by statute. An alternative suggestion by Dr. Clark was that mortgage companies advance 80 per cent and the dominion government guarantee the top 20 per cent. The process might be similar. In the case of houses for rent, the mortgagor would be less.

Max Baer Offered Bout For \$275,000
NEW YORK, April 5.—An offer of \$275,000 for Max Baer, heavyweight boxing champion, to meet Art Schilling, German contender at Wembley Stadium during the King's Jubilee celebration next summer, will be considered the Californian, who arrives here today by Air-mail Vincent, Montreal prospect.

He Carried Peace Dove In Europe

PORTLAND, Ore., April 5.—Strengthening and modification of the agreement now existing between the National Hockey League and the various minor circuits will be discussed in Vancouver, B. C., late next week at a conference of presidents and governors of all organized hockey leagues.

Dr. Gordon Leitch, president of the Northwestern Ice Hockey League, Thursday invited the hockey league officials to attend the conference, which will be held in conjunction with the "Little World Series" scheduled between the Vancouver Lions, champions of the Northwestern League, and Jack Adams Olympic champions of the International League.

Dr. Leitch said a challenge had been issued to the winners of the "Little World Series" by the champions of the Canadian-American League, the games to be played immediately after the series between the Lions and the Olympics.

Raymond Unable To Play At Home Due To Quarantine

Vancouver, April 5.—Streetcar Ken Watson of the British Columbia Basketball Association announced last night he had received word that Raymond, Alie, had been quarantined for scarlet fever and that the Raymond United team would be unable to meet Winnipeg Toilers in the western Canada final next week.

Watson said he had been informed by manager Woolf of the United Jacks that the southern Alberta city would not be allowed to host the game until April 10.

The Raymond-Toilers two-out-of-three series is scheduled at Raymond April 8 and 10.

The British Columbia secretary added at Lethbridge, Alta., asking him to get in touch with Raymond on the possibility of moving the United Jacks to either Lethbridge or Calgary for the Winnipeg series. If this cannot be arranged Watson said the Toilers would be brought straight to the coast to meet the winners of the Victoria Blue Ribbons-Kelowna series.

The British government has approved a plan for building a new railway from Bristol to The Wash, England, in half. The proposed waterway is expected to cost \$2,000,000.

Cleveland Plans Entry Into N.H.L.

TORONTO, April 5.—A. C. Sutphen, owner of the Cleveland Falcons in the International Hockey League, said last night he had conferred with Frank Calder, president of the National Hockey League, submitting plans for Cleveland's entry into the National League.

Mr. Sutphen would not reveal the nature of the plan but he admitted they found favor with Mr. Calder, who could not be reached for comment. The plan will come up before the annual meeting of the board of governors Mr. Sutphen said, when it will be decided whether Cleveland is granted a major league franchise.

Planning Canadians Move To Cleveland
MONTREAL, April 5.—Negotiations between Cleveland interests and President Frank Calder of the National Hockey League are steps paving the way for the possible moving of the Canadian Hockey club of Montreal to Cleveland, an official of the club stated here last night. Leo D'Amato, managing

Hamilton Tigers Play In England
HAMILTON, Ont., April 5.—Hamilton's minor O.H.A. schedule winners, who last night played in Toronto All Stars, will leave this weekend for England, where they will play a series of games and perhaps play on the continent.

Director of the club, was not available for comment as he is in a hot home.

SNOW BLANKET COVERS BRITAIN

LONDON, April 5.—A heavy snowfall, accompanied by freezing temperatures, descended upon Britain Thursday after a long period of bright sunshine. Snow was reported from many parts of England and Scotland, and the storm paralyzed all shipping along the northern coast.

Hamilton Tigers Play In England

Director of the club, was not available for comment as he is in a hot home.

Big International Game In Spotlight

GLASGOW, April 5.—The international soccer match between England and Scotland at Hampden Park holds the sport spotlight in the United Kingdom. Scores of thousands of people are expected to gather at the stadium to witness the match.

A victory or draw for England will carry with it the international championship as the winners of the game have already won the title in 1934. If Scotland wins the game, it will be the first time since 1903 that Scotland has won the title.

STANLEY CUP FINAL

Buddy Follows Through With Terrific Right Punch

Max Barry's Kid Brother Batters Down Frankie Connelly for Kays

LEAFS BY BILL LEWIS

Tommy Gorman's Montreal Maroons got the jump on Toronto Maple Leafs in the series to decide possession of the Stanley Cup by winning the first game last night, 3-2. . . They were forced into overtime to triumph but they came out on the right end, nevertheless, and thus put themselves in a strong position as far as a win on the series is concerned. . . Naturally, there's a long way from that yet but there's nothing so satisfactory as taking away a victory in the first game.

One thing about the Maroons that makes their supporters view the series with a lot of complacency is that they are a big, rugged aggregation that relies on the heavy gun. That means that the Maroons, the better their chances will be. . . They're not opposed to any fivefights in the Maple Leafs but they're certainly an outfit capable of handling any one when the going gets a bit rough.

Last night's win means Maroons will go home to Montreal after Saturday night's game, no even terms. . . They may win Saturday night's game, which would give them a two-game edge when they go home for the third start and make them longed-for favorites to win. . . If they lose Saturday night's game, which would still leave them with a one-game edge, or if they win it, they may lose the tilt, thus squaring it all around. . . Even if they should be beaten Saturday night, they are in a good spot to take the series when they shift to their rink for the third and, if necessary, fourth game.

Saskatoon Wesleys, continuing the string of surprise that has marched through all amateur hockey playdowns this season, upset the dope last night by squaring their series with Winnipeg Maroons for the Western Canada junior championship. . . After their loss in the opener and when Wesleys had gained a lead in the first period of last night's game, the Maroons looked out of the picture entirely, but they came back to win the decision and place themselves in a championship on foot with the Maroons.

Louis Trudel, coach of a Night-Winterfall team with Chicago Blackhawks, reports that

Tops Golfers

who leads Bobby Jones by seven strokes with a blistering pace on which he carried a brilliant 67. . . Jones' golf exhibition was one of his finest in the opening round of the Augusta tournament. He carded a score five under par, two shots better than the competitive course record.

all Edmontonians went big in the N.H.L. this past winter. . . Like other cities where I have talked, he says Leroy Goldworthy was a standout among the Canadian forwards, while Roger Jenkins performed exceptionally well on the defense. . . Eddie Shore, he relates, practically "carried" Boston Bruins with Red Beattie having one of his best years on the Boston first line. . . Murray Murdoch, likewise, was one of the bright lights on New York Rangers throughout the campaign.

Lazer vs. Louis
CHICAGO, April 5—Roy Lazer, husky Detroit City heavyweight, was signed Thursday to meet Joe Louis, Detroit's sensational boxer, in a 12-round bout at Chicago Stadium April 12.

WIN OVERTIME SERIES OPENER BY 3-2 MARGIN

Gorman Batters Leafs and Clearly Out-point Opponents in Short Overtime Session

BY ELMER DULMAGE
MAPLE LEAF GARDENS, TORONTO, April 5.—Montreal Maroons, thumping the foe with steaming body checks in the most respected red-team tradition, roared past Toronto Maple Leafs with a 3-2 overtime triumph here last night in the first game of the Stanley Cup series and established themselves favorites over the National Hockey League champions.

Like the Maroon powerhouse in the days of Noel Stewart, Babe Siebert and Duke Munro, crushing every attack with driving body blows, Tommy Gorman's brigade battered the Leafs as they have seldom been battered on home ice, and then clearly outpointed them in a brief overtime period. A crowd of 13,511 paid to watch the game.

On the best play in the rugged battle, Earl Robinson and Dave Trotter combined to punch in the winning goal five minutes and 28 seconds after the overtime period started. It climaxed an alert, relentless attack that seemed destined to beat the Leafs without much delay.

TROTTER SCORES WINNING MARBLE
Robinson, snapping up a loose puck a few feet outside the Toronto blueline, rounded into Leaf territory and snapped a brief forward pass to Trotter. The puck passed between King Clancy and Red Horner on the Toronto defense. Inside, with no one in his way, Trotter skated a few strides and whipped a shot past the keeper, net of the cage. George Hainsworth had no chance on Trotter's shot.

Starting 5-1 favorites to win the game, the Leafs paid to go into the second contest here Saturday night, but they did not control the game and certainly no better than even money on the series. The third and, if necessary, the fourth, will be played in Montreal.

GREAT BODY ASSAULT
The red men paved the way for victory with a smashing body assault in the second period that resulted in bitter exchanges. High sticking seemed to have no effect on all on Gorman's team men. The Leafs were stowed down by bumps that left the fans gasping. It happened that not a single penalty was called during this wildest period of the night.

The Leafs were stowed down by bumps that left the fans gasping. It happened that not a single penalty was called during this wildest period of the night.

ON EVEN TERMS
They struggled on even terms in the first half of the game, but Robinson batted the first on a pass from "Roo" Blinn, which left the Leafs in a tight spot. The veteran Frank Finnigan tied up slugging in the rebound of his own shot and Clancy put the Leafs in a tight spot. The Leafs were stowed down by bumps that left the fans gasping. It happened that not a single penalty was called during this wildest period of the night.

Little more than a minute after Clancy's goal, Marvin Westworth batted his way in to close quarters and kept slugging at the puck in a

slurry forward on Tommy Gorman's big red team from Montreal, who last night humbled Toronto Maple Leafs by a 3-2 score in the first game of their Stanley Cup series. It was Robinson who paved the way for Dave Trotter's winning goal, which came in the overtime period.

SOCCER STARS OUT OF GAME ON SATURDAY

Arsenal and Chelsea To Play Shorthanded at Highbury

LONDON, April 5.—Several football stars will be missing from the line-ups of Arsenal and Chelsea when they meet at Highbury Saturday in an English league fixture. Much depends upon the game, at least as far as the Arsenal's championship aspirations are concerned, and they can ill afford to lose.

Sunderland, with a game in hand, pressing closely on Arsenal's heels in the race for the leadership. Only three points divide the teaming Londoners being ahead with 46. International demands and injuries will result in the Arsenal team being made up largely of reserves. Mac, Haggen and Bannister will play for England against Scotland at Glasgow. On the injured list are Moss, versatile goalkeeper, and Copping, left-half of the team.

Jackson, Chelsea's goalkeeper, is also doing international duty and Alton, the Pennineans' left half, is a doubtful starter.

GREAT SCORES FIRST ROUND AUGUSTA GOLF

Henry Picard Has Lead Over Bobby Jones by Seven Strokes

AUGUSTA, Ga., April 5.—The professional light brigade Thursday made good its threat to show Bob Jones and his Georgia followers how it's done nowadays in the first of golfing company.

They did their stuff spectacularly and with something to spare. The shock troops not only routed the one-time world champion, at the outset of their second annual just over the Augusta countryside, but delivered a record-breaking attack on the bunkered battleground that the great Jones helped design.

Jones, no longer the going machine of his championship days, struggled to score 74. He was two over par and seven full strokes behind the dazzling pace set by the tall, youthful Henry G. Picard of Hertschy (Pa.).

Picard's 30-34-67 was the climax of a record beginning for the second annual \$5,000 Invitational tournament of the Augusta National Golf Club. It was five under par, two shots below the competitive course record and only good enough to give him a one-shot margin over his nearest rival, Jimmy Hagan.

Twenty-nine-year-old Willie Goggin, San Francisco, with a hole in one on the 165-yard 16th, shot a cracking round of 68 to make it a three-cornered deadlock for second place with Gene Sarazen, the prime favorite, and Ray Mearns of Los Angeles.

An average caddy produces about 16,000,000 eggs, a very large caddy caddy producing 60,000,000.

BOSTON TAKES TWO STRAIGHT TRIUMPHS

Defeat Providence Reds in Second Game by Score Of 4-1

PROVIDENCE, R. I., April 5.—Boston Cubs, first-place finishers in the Canadian-American Hockey League, made it two straight over the third-place Rhode Island Reds in their play-off series for the league championship by defeating the Providence outfit 4-1 here last night.

The Cubs, who won the first game of the best-three-of-five series for the Fontaine Cup, by 1-0, on their home ice, clearly outplayed the Reds from start to finish. They scored a goal in the first, two in the second and their last one in the ice to stop a shot by Alex Motter, the third period, while the Reds' last.

made their only score in the last period.

PENALTIES HURT
Penalties hurt the Providence outfit, for six were called on the Reds and one of the Boston goals came when the home team was shorthanded.

Joe Jones opened the scoring with a goal in the 14th minute of the first period. He came out of the penalty box in time to pick up the puck in centre ice and race down the left boards.

Art Lesieur and Banger were in the penalty box when Red Jackson scored the second Boston goal in the second period on a pass from Drew. Five minutes later Bester lifted the puck over Paddy Brynne's goal to score a goal in the first, two in the second and their last one in the ice to stop a shot by Alex Motter, the third period, while the Reds' last.

The Tobacco Industry and the proposed Fair Trade Board from a CANADIAN point of view

THE MACDONALD TOBACCO COMPANY is in favor of the formation of a FAIR TRADE BOARD provided it is not only created by the Dominion Government but run as a Government Department.

As a strictly independent Canadian Manufacturer we do not see how we (or any other independent) could otherwise receive impartial rulings.

Coercion from WITHOUT the Industry (which would be by the Government) would at least be fair to all, but coercion from WITHIN the Industry should not be allowed, especially when so large a percentage of the total business of the Dominion is in the hands of one company.

Wesleys Win, 5-3 Over 'Peg Sextet

Fighting Saskatchewan Squad Squares Series For Western Title

WINNIPEG, April 3.—A fighting bunch of hockey craft from Saskatchewan, Saskatchewan Wesleys, curled the title-rust of Winnipeg Monarchs here last night by defeating the eastern winners 5-3 in the first game of their three-game series for the junior hockey championship of western Canada.

Victory for the prairie speedsters, following their 5-4 setback in the first game, evaded the series. The deciding game will be played Saturday night and the winner will be crowned champion of the West.

Here Tuesday in the first of a three-game series to determine possession of junior hockey's highest reward, the Memorial Cup.

RED FIVE RALLY

With 4,000 fans cheering, Monarchs took a 5-0 lead at the end of the first period. Wesleys held it at the end of the second period, with the score 3-1, and in the final period Wesleys added two more to clinch victory.

Dick Wynnon and Pete Lawick scored twice each for the Wesleys and Stan Sampson picked off the other end. Pete Reimer and Paul Boushult scored Winnipeg's first period goals, with Joe Krol netting the third.

FINE SUMMER SPORTS MEET IS SCHEDULED

Federation of Community Leagues Plan Great Program

One of the liveliest summer sports programs the sports committee of the Federation of Community Leagues has ever launched will be run off this summer.

Lloyd E. Wood, the chairman, emphasizing the need of the finest operation from all the local leagues in putting over this summer's liveliest program.

A banquet is being arranged with the following committee in charge: Mr. Baldwin, chairman; Mr. Manning, Mr. Archie Watt, Mr. Cameron, Mr. Deane, Mr. Jones, Mr. Lester. The following men were placed in charge of the various summer activities. They will pick their own committees from the league interested in these activities.

Mr. Shirley was appointed manager of a girls' all-star team. The softball team to be picked from the league players. This team will be entered in the city championship.

Mr. Hardball—Chairman, Charles Henderson. Boy Softball—Chairman, W. Kinnear. Lawn Bowling—Chairman, Archie Campbell. Foot ball—Chairman, W. Baldwin. Freestyle Swimming and Diving—Miss Marian Wood. Miss Mabel Smith. Mr. Joseph Adair, Tennis—Chairman, Mr. A. W. Cameron. Custodian of Croquet and Golf—Mr. George MacKintosh. Miss Mabel Smith. Netball and Handball—Mr. William Arlett.

A community picnic will be held on the Civic Holiday when a series of athletic competitions will be run off, of which will include track and field events.

Mr. Charles Lester will act as chairman of this event. He anticipated one of the largest and most successful programs of this kind ever held in Edmonton.

LADY BOWLERS END FINE MEET

Wednesday evening at the Recreation Bowling Association marked the close of the 1935-36 season for the Ladies Senior 5-Pin Bowling League, with the Echoes, by winning three games straight, becoming holders of the Forteville Thru Circuit Cup, which is put up as an annual competition by Mr. A. Entwistle.

Mr. Entwistle will make the presentation of the cup to the winners at the annual banquet, which will be held on Wednesday evening next at the Peacock Room, Shasta Cafe.

The personnel of the Echoes team, with the exception of one young lady, has remained the same for four consecutive seasons, members being Miss McEwen, Miss Marie McNeil, Miss Amelia Baker, Miss Anne Harder, Miss Laura Thompson, with substitutes Mrs. Anna Wilson and Mrs. Ethel Cronin.

DETROIT PREPARES FOR COAST LIONS

VANCOUVER, April 3.—Detroit Olympians arrived here Thursday and after a few hours straightening out their kinks stepped through a short workout at the Arena, their first and only before meeting Vancouver Lions here tonight in the first game of their "little world" series.

Headed by Eddie Wiseman, first string right winger with the Detroit Redwings of the National Hockey League who was drafted for the trip, the International League champions will present the toughest opposition the Lions have met this season and Manager Guy Patrick has bolstered his lineup for the series.

EVERY YARD OF TOP TOP WOOLLENS PRE-SHRUNK

LOCAL SOCCER LEAGUES ARE RE-ORGANIZED

Junior, Juvenile and Mid-grade Divisions Have Fine Meet

The foundation for a banner season was laid at the Memorial Hall last night by the representatives of the Edmonton junior, juvenile and mid-grade divisions of the Edmonton City District Football Association.

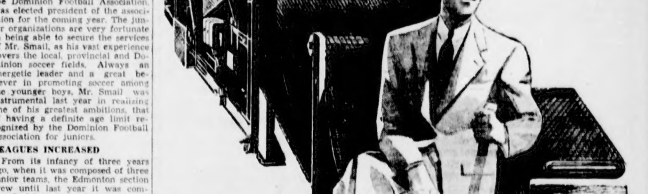

Charles E. Smith, president of the Edmonton Football Association, was elected president of the association for the coming year. The junior organizations are very fortunate in being able to secure the services of Mr. Smith, as his vast experience covers the local, provincial and Dominion soccer fields. Always an energetic leader and a great believer in promoting soccer among the younger boys, Mr. Smith was instrumental last year in realizing one of his greatest ambitions, that of having a definite age limit recognized by the Dominion Football Association.

LEAGUES INCREASED

From its infancy of three years ago, when it was composed of three junior teams, the Edmonton section grew until last year it was composed of four junior teams, five juvenile, eight mid-grade and three banner teams. 1935 will see a larger number of teams in each section with every part of the city represented. Last year's junior champions, the South Side, along with the winners of the Ash trophy, Northwood Royals and Cloverdale, formerly Bennett Rangers, have so far signified their intention of entering junior teams.

An entry from the Bennett district, with a young fighting team, will be in the thick of the fight this year. There are rumors of other entries in this section. The age limit for juniors is under 12.

The juvenile section are expected at least six entries, the age limit in this league last year was under 16. It is proposed to raise the age to under eighteen but nothing definite has been arranged. This will be discussed at the next meeting along with other changes to the constitution.

THREE YARDS in every hundred are lost in the fine British woollens from which Tip Top Tailors' clothes are made, in protecting Tip Top Tailors' customers against shrinkage. A \$30.00 machine installed in the modern, sunlit Tip Top Tailors' plant pre-shrinks every yard of woollens before it enters in this section. The age limit for juniors is under 12.

UNRESTRICTED CHOICE OF BRITISH WOOLLENS \$24.75

The service, added to up-to-the-minute New York and London styling—hand cutting and tailoring to your individual build and choice of pattern in the finest British woollens, all at the one price, makes Tip Top Tailors' Junior suits the smartest you have ever seen, able to offer the most of Canada.

Tip Top Tailors
TAILORING BY UNION CRAFTSMEN
Edmonton Store—10123 Jasper Ave. Phone 22076
Sub Agency, 10430 Whyte Avenue

LEADS IN ENTRIES

The Midnet section, which two years ago was composed of four teams, last year of eight teams, promises to be the leader in entries. The Palm Confectionery team is a promising entry. The age limit is under fifteen.

The Barham League, the baby of last year but nevertheless one of the most enthusiastic, looks like a real success. It is the rule and what a lucky break of success.

Even a real hot bed of soccer in past years will be back in the city with possible entries in each league.

This year's executive will be composed of representatives from each league, along with the president, vice-president who will also be the representative from the Edmonton City and District Football Association and the secretary-treasurer, Mr. Tom Green, president of the S.C. & F.A. attended the meeting, along with Mr. T. H. Fawcett, secretary-treasurer, and assured the Junior body of every assistance this year.

Entry forms for teams can now be secured by application to Frank Green, 1900 7th Ave. Phone 3192.

Ovens is a term applied generally to discussed conditions of the moon characterized by great force of the breath.
